Dear Sir:

Replying to the Office communication of August 2, 2001, please amend the  
application as follows:

Please amend claims 28-30 as follows:

--28. In a driver-operated vehicle provided with a steering wheel region, vehicle radio  
entertainment deck components, and a vehicle cellular radio telephone for use by a driver in  
the vehicle, apparatus for enabling said driver, while seated at the steering wheel region of the  
vehicle, to access a predetermined component of the entertainment deck and also to access the  
cellular radio telephone, all in a diversionless manner with full attention to driving, said  
apparatus comprising separate control switches for turning said components on and off; a  
further control switch for enabling the activating and deactivating of the cellular radio  
telephone; and voice-controlled switching means disposed at said steering wheel region and
